Matt-

Thank you for your very kind note. I really appreciate it.

Although they would be quick to say we have more to do, I am really proud of the team.

Best wishes and have a great week. Damon

It goes without saying that these results didn't occur without significant contributions from Cibola staff and the support of Headquarters. I was pleased to see the significant improvement in Heath Services; no Significant Findings and only 1 repeat deficiency! Overall, the 2015 review revealed a significant reduction in "repeat deficiencies" and deficiencies!
